## Monday September 17, 2018

0715 - 0815      **REGISTRATION & CONTINENTAL BREAKFAST**

0815 - 0845      **Welcome & meet the Vendors**

0845 – 0900      **MAFCN: President's Address – Martha Cinch**

0900 – 1000      **CAFCN: Exciting Times! – Audrey Wall, President, CAFCN**  
Nursing foot care in Canada is in a time of tremendous growth and development. CAFCN is proud to be at the forefront to the promotion and evolution of this highly specialized nursing sector. With the *National Competencies for Advanced Nursing Foot Care in Canada* published and dispersed across the country, the time is right to look to educational standards and national certification. This presentation will provide some background on CAFCN activities, and a look at what's to come!

1000 – 1045      **NUTRITION BREAK /NETWORKING / SHOPPING**

1045 – 1145      ***Ingrown toenails: Digging out the facts* - Dr. Amar Gupta**  
Ingrown toenails are a common problem. With many treatment options available from conservative to surgical, this session will “dig out the facts” through literature what is best evidence-based practice.

1145 – 1330      **LUNCH /NETWORKING / SHOPPING**

1330 – 1430      ***Current Standards and Requirements for Reprocessing Foot Care Instruments* – Gale Schultz**  
Canadian Medical Device Reprocessing Standards address the safe, effective, and reliable reprocessing of reusable medical devices regardless of the practice setting ie Acute Care, Community, Long Term Care, etc. These requirements boost patient safety along with decreasing risk and liability. The Canadian Standards address key topics such as personnel training, occupational health and safety, infection prevention and control, decontamination, sterilization, packaging, storage and more.

1430 – 1500      ***Benefits for Self-Employed* - Crystal Antosh**  
This presentation will be an overview of the Edge's unique disability and health and dental benefits designed for the self-employed and independent contractor workers. Let us show you how you can design a plan that fits your needs and budget.

1500 – 1530      **NUTRITION BREAK /NETWORKING / SHOPPING**

1530 – 1630      ***Leading with Laughter: Improve your professional quality of life!* – Rolande Kirouac**

Mood is the most important factor in determining the way we perceive people and happenings in the outside world and how we are going to react to them. We know for a fact that the body is able to create energy that can change our mood, can change our attitude and create a contagious environment, one that leads to healthy, satisfied, high-achieving individuals and teams!

## WRAP UP & EVALUATIONS

Dear Foot Care Conference Attendees,

COMPRESSION SOCKS ARE HERE AGAIN!

It is once again time to think about taking care of you and your leg health. As you know compression socks help minimize and control swelling and leg pain, and now are very fashionable. They will keep your legs energized with every step!

We will be attending the Foot Care Nurses Conference in September.

The process for how we submit claims has changed this year:

- We will require a prescription to be obtained first and brought with you to the conference. Ensure that compression strength and diagnosis are indicated on the prescription and please note, prevention is not a covered benefit under some plans.
- Due to unforeseen issues with some insurance companies, we are no longer direct billing. You will have to pay the full amount of your order upfront and your insurance company will reimburse you directly.
- Placing your order ahead of time with us at the pharmacy will enable us to bring your socks to the conference, otherwise your order will be delivered or mailed out to you.

If you have any questions regarding the new process or would like to place an order ahead of time, please call us at the pharmacy.

Looking forward to seeing you at the conference
